

# It's Not Over

Giant

Girl, I wonder what you're doing tonight  
I'm thinking of you  
It's been a while since we broke up  
And now it's all up to you

I wish all that we said was undone  
And you were here in my arms  
Another try, another chance to save it  
There was a time you'd never leave

Oh girl, and now that you're gone  
And this heart of mine's about to break  
I feel so much love gone to waste  
I'm still loving you, but my heart just can't wait

How much does it take  
To make you stay and change your mind?  
It was love at first sight, you're my dream every night  
And I promise we still got some time  
Don't tell me it's over  
I know it's not over, whoa

Another day, another night goes by  
And I'm still missing you, girl  
From the moment when we said goodbye  
I still wonder why

Deep inside me, I'm still crying  
I can't deny it, but I sure will survive it  
And you will see me once again  
Love will find another way

Oh girl, and now that you're gone  
And this heart of mine's about to break  
I feel so much love gone to waste  
I'm still loving you but my heart just can't wait

How much does it take  
To make you stay and change your mind?  
It was love at first sight, you're my dream every night  
And I promise we still got some time  
Don't tell me

I would do anything for you  
I'd give my love, my life, I'd die for you  
So, c'mon baby, I need to know

Oh girl, and now that you're gone  
This heart of mine's about to break  
I feel so much love gone to waste  
I'm still loving you but my heart just can't wait

How much does it take  
To make you stay and change your mind  
It was love at first sight, you're my dream every night  
And I promise we still got some time  
Don't tell me it's over

It's not over, whoa  
It's not over, whoa

I'm gonna stand here and fight  
You're my dream every night  
And I promise we still got some time  
It's not over
