

The Price of Love

Giant

Oh, so much I've lost in this game
Was it all in vain?
I'm a long way from home

All those sleepless nights I've had
More the times we've lost our chance
Was it worth it, all I need to know

Is it just the price of love?
Is it all you've ever been dreaming of?
Come on, do you need to overcome
The spirit inside you?
Tell me what you sacrificed
For the price of love

Oh, so many times I've cried in shame
Felt the pain inside again
I'm such a long way from home

All those sleepless nights I've had
Of all the times we've lost that chance
Was it worth it, all I need to know

Is it just the price of love?
Is it all you've ever been dreaming of?
Come on, do you need to overcome
The spirit inside you?
Tell me what you sacrificed
For the price of love

All those sleepless nights I've had
Of all the time we've lost that chance
Was it worth it, all I need to know
Where could I go?

Is it just the price of love?
Is it all you've ever been dreaming of?
Come on, do you need to overcome
The spirit inside you
Tell me what you sacrificed
For the price of love

Is it just the price of love?
Is it all you've ever been dreaming of?
Come on, do you need to overcome
The spirit inside you?
Tell me what you sacrificed
For the price of love
