

Back 2 Basics

Gideon

I've been around and around
Bouncing from town to town
Back then it was servin' with a smile
Losin' money, breakin' down, yeah
If I'm being real, I've suffered so much more
I was happier sleepin' on the floor

I know what it takes
I'm gettin' back to the basics and I'll

Find the strength within
Gotta keep this shit movin'
I'm tryna keep that shit groovin'
Find the strength within, yeah, easier said than done
I gotta keep this shit movin'
Keep that shit movin'

Oh goddamn, it wasn't part of my plan
Don't get too comfortable
I feel it slippin' straight through my hands
Have you ever built a house on sand?
There's one thing that I can do

Back to the basics and I'll

Find the strength within
I gotta keep this shit movin'
I'm tryna keep that shit groovin'
Find the strength within, yeah, easier said than done
I gotta keep that shit movin'
Keep that shit movin'

I don't break
I said I don't

I don't take shit but I'll make shit happen till I make it
I said I don't, yeah, I don't break
I don't take shit but I'll make shit happen till I make it
And fuck that fake shit

Find the strength within
Gotta keep this shit movin'
You know I keep that shit groovin'
I'm shook up, the path is rough
Had more than enough and then I look up and I'm losin'
Keep that shit movin'

I don't break

Don't ever let what makes you break you
I'll never let the pressure take me under
Give it everything
Give it everything or you will always wonder
