

# BITE DOWN

Gideon

I'll show you pain  
Bite down  
Dig deep when you taste defeat  
Pain  
Bite down  
Dig deeper

The thing about life is  
It don't owe you shit  
All the way down  
Turn this shit up  
I've given up on  
Giving a fuck  
Can't stop won't stop  
I'm bout to go in  
Start up a mosh pit  
Shut down the function  
Aye

I did it on my own  
It wasn't given  
Fuck you if you think I'm bout to give in  
You wanna know what it took to make this  
Fall, get up, repeat

I'll show you pain  
Bite down  
Dig deeper...

All the way down  
(All the way down)  
Turn this shit up  
(All the way up)  
I've given up on  
(I've given up on)  
Giving a fuck

Talking about the misery and pain  
Let me show you what it feels like  
Talk is cheap  
These are words that I live by  
Bite down or quit  
But dig deep if you think that you can fuck with this  
Bitch
