LOW LIFE

Gideon

Just say it, I know exactly what you think of me
I'm not the man that you want me to be
Shoot me down, suffocate me, make it harder to breathe
Keep stabbing till you hit my heart, make me bleed

Does it get you off
Watch me die, slowly
What more do you want from me

I'll tell you what you want to hear
But at the end of the day

I'm just blowin' smoke
I let it all go
Down a backroad with no end in sight
Yeah I'm a lost cause
I'm a knife in a fistfight
I'm a low, I'm a low, I'm a low life

So what now, let me have it
Tension in the air, yeah, I'm all about it
Change my ways, break my habits
Here's what's left, it ain't much, but you can have it

Nah, I'm just blowin' smoke
I let it all go
Down a backroad with no end in sight
Yeah I'm a lost cause
I'm a knife in a fistfight
I'm a low, I'm a low life

No end in sight
Low life
