

# No Love/No One

Gideon

You did this to yourself  
No love, no love for you  
Time won't heal your open wounds  
No one, no one to me  
No, no sympathy

Cut the chain  
Drop the ball  
Watch that bitch sink  
Roll over dead and just  
Keep rolling past me, I  
Gave you time  
Wasted mine  
Made me re-think  
To be honest  
I don't feel a thing

Do you get it now  
They say what goes around comes around  
And I'd say see you in hell  
But I don't want to see you on the way down

You did this to yourself  
No love, no love for you  
Time won't heal your open wounds  
No one, no one to me  
No, no sympathy

Fake smile, lay it on thick  
Shallow as the grave that I let you dig  
Drop the act, take off the mask  
I see through you  
Counterfeit  
Imitation, no purpose  
Just a duplicate  
Of somebody who was worth it  
Living in Hell sure seems perfect  
When I think of what you put me through  
I'm fucking done with you  
You did this to yourself

Cut the line  
Drop the name  
Just to be seen  
I despise the disguise of your vanity  
Gave you time  
Wasted mine  
Made me re-think  
To be honest  
You did this to yourself

No love, no love for you  
Time won't heal your open wounds  
No one, no one to me  
No, no sympathy  
No love for you  
Time won't heal your open wounds

No one to me  
No, no sympathy

No love  
For you  
No one  
To me
