

# OUTLAW

Gideon

Outlaw from the swamp to the city  
Heart black like the Mississippi  
You don't come up where I'm from  
But I'm taking this shit like it's mine  
Run from me if you can't run with me

Heart black like the Mississippi  
Run from me if you can't, run with me, go

Turn back now  
You can't take the pressure  
Take your best shot

I know you want it  
I know you want to  
Dance across my tomb  
Black water, keep rollin'  
Burnin' down the night  
In the light of a neon moon  
Back on the run  
I know you want to  
Dance across my tomb

Run from me if you can't run with me

Hell yeah  
Bring the pressure  
No death  
This is forever

I know you want it  
I know you want to  
Dance across my tomb  
Black water, keep rollin'  
Burnin' down the night  
In the light of a neon moon  
Back on the run  
I know you want to  
Dance across my tomb

Yeah

I've been on the run, ten hard years now  
Ain't no sun livin' under the gun  
I'm a wanted man  
How do you want me  
Dead or alive  
I'm here to take what is mine
