# Push It Back

**Gideon**

I wanna break everything around me
I wanna break break everything
I wanna break everything around me
'Cause everything wanna break break break me

What else can I do
Some people ain't no damn good
You can't love 'em, you can't trust em
Bleed you fucking dry even if you do
Break them before they break you
In a fight to the death
It's every man for himself

There will be bloodshed
There will be bloodshed

Endless threats, no safety nets
So when you get pushed, motherfucker, push back

Broken, bleeding
Within the hourglass
Push back, push back
Until the walls collapse

I wanna break everything around me
I wanna break break everything
I wanna break everything around me
'Cause everything wanna break break break me

There will be bloodshed
There will be bloodshed

Endless threats, no safety nets
So when the world pushes you
Push it back

Push it

Push it back
