SOUTHWIND

Gideon

Born to lose
But I was built for pain, oh
I cut the noose
I remember the day
All hell broke loose
All hell broke loose

Caged rage, call it small town blues
But I knew it well
That we had somethin' to prove
Couple country boys with nothin' to lose

Make it out or die tryin'
All I know is touch and go
They call me Southwind
I keep blowin' down the road

You better follow your heart son
All that you need, is in your soul
Forgive me mama, I wasn't using it
So I sold it to rock and roll

Perfect disaster
Wheels keep on turnin' faster
65 south take me home

Make it out or die tryin'
All I know is touch and go
They call me Southwind
I keep blowin' down the road

Deep inside, I'm buried in the pines
Muddy waters wash over me
Take the back way, down that two lane
Lead me to the crossroads

One more time
Take it to the limit
One more time
Baby give me that first time feelin'

Make it out or die tryin'
All I know is touch and go
They call me Southwind
I keep blowin' down
Blowin' down the road

Make it out or die tryin
All I know is touch and go
They call me, Southwind

One more time
Take it to the limit
One more time
Take it to the limit

Born to lose

Cut the noose
And remember, remember the day
All hell broke loose
