

Take Off

Gideon

I don't wanna talk, I don't want to listen
Every time I do the truth is always missin'

I just wanna feel what I feel when I feel it
I just wanna feel what I feel
And I'm gonna make you feel it

Don't need your permission
Already got your attention, shift it
Grip the wheel, rip off the rear view
3 2 1

Pedal to the metal
I just wanna take off
Pedal to the metal
All my life, tired of barely gettin by
Looking for a way to fly
I just wanna take, take, take off

And that's just how I'm feeling
This ain't getting back at you
This is gettin even
I don't wanna talk, I don't wanna listen
Every time I do the truth is always missing

I just wanna feel what I feel when I feel it
I just wanna feel what I feel
And I'm gonna make you feel this shit

Pedal to the metal
I just wanna take off
Pedal to the metal
All my life, tired of barely gettin by
Looking for a way to fly
I just wanna take, take, take off

Nah, ya ain't never gon' stop me
No you're never gonna slow me down
Can't be stopped
Can't be stopped now
Save your breath, there's nothing left to say
I won't look back

Pedal to the metal
I just wanna take off
The devil in me done been asleep too long
Pedal to the metal
All my life, tired of barely gettin by
Looking for a way to fly
I just wanna take, take, take off
