

# Too Much Is Never Enough

Gideon

Cause I'm done  
So done living like this  
Holding my tongue  
Clenching my fist, my god  
You're throwing dirt on my name  
While I'm standing two feet in the flames, my god  
I don't wanna play no games  
Gasoline drippin' off the words you say  
You love to talk that shit  
And I love to throw it right back in your face

'Cause I've been swallowing fire  
Setting myself ablaze  
As the flames get higher and higher  
I will accelerate  
Keep up, keep up  
Or get left in the cloud of dust  
Keep up, keep up, keep up  
Don't slow down, too much is never enough

I put it all on the line

I made every sacrifice  
And you don't know the weight  
Nothing was given to me  
That shit was earned the hard way

Blood, sweat and misery  
Hell bent on proving them wrong  
Into the flames  
This is where I belong

'Cause I've been swallowing fire  
Setting myself ablaze  
As the flames get higher and higher  
I will accelerate  
Keep up, keep up  
Or get left in the cloud of dust  
Keep up, keep up  
Don't slow down now, too much is never enough

I came for what's mine  
Yeah, I'm in it for blood  
'Bout to re open the cut  
You bitches tried to drag my name through the mud  
It's time that I remind you where the fuck I come from  
South of heaven, north of hell  
Where the river runs deep and the blood gets spilled  
Where dreams are born but die too young  
At the bottom of the barrel or the barrel of a gun

So bring it
