

Changed Me

Giggs

I think the money changed me
As for me and you, I'm not the same, baby
If you think you're crazy I'm the same, baby
Ok bet, ok, let's go
But you don't love me no more, yeah
I am not a fucking ghost, yeah
But I pull up in a ghost, yeah
But you don't fuck with me no more, baby
You don't even show me love anymore, yeah

Niggas out here picking up the full clip
Me and all my niggas on some bullshit
Corporate playing with my daughter
Little man just playing in the ball pit
Talking about your 'bout it, 'bout it everyday
All my niggas ran up on him anyway
Got some Hennessy I wanna mix with coke
But all I got that's sat here is that lemonade
Sticky ounce sitting in that sticky house
Micky Mouse nigga looking Mickey Mouse
Kick out that nigga, nigga kick him out
Live that street life, you better stick it out
One o'clock nigga sent the dumbest shot
Niggas had it out thinking should he run or not
Run your block nigga, better run the Glock
Skip and jump niggas, gonna run and hop
Yeah, where my angel? Bring that pain shit 'cause it's painful
Real niggas sitting at that table
Trill niggas, niggas should be grateful

I think the money changed me
As for me and you, I'm not the same, baby
If you think you're crazy, I'm the same, baby
Okay bet, okay let's go
But you don't love me no more, yeah
I am not a fucking ghost, yeah
But I pull up in a ghost, yeah
But you don't fuck with me no more, baby
You don't even show me love anymore, yeah

22 threes, blue tints, send them niggas through things
Wake up in the morning having mood swings
Effing with the scope nigga, uh, yeah
Look DTB forever nigga, uh, yeah
Whoa, Murder was she wrote nigga, uh, yeah
Look, they don't want no smoke nigga, uh, yeah
Aight bet my nigga, let's go, nigga yeah, yeah

I think the money changed me
As for me and you, I'm not the same, baby
If you think you're crazy I'm the same, baby
Ok bet, ok, let's go
But you don't love me no more, yeah
I am not a fucking ghost, yeah
But I pull up in a ghost, yeah
But you don't fuck with me no more, baby
You don't even show me love anymore, yeah

'Cause I take all the heart break
Dark ages, this the dark age
Bloods splatter, that's that dark pain
Lost life, it's an arcade
Win or lose, niggas gonna bring abuse
Cognac, listening to Gin and Juice
Disrespect, then they wanna bring a truce
Greenlight Hollow said it's been approved
Bring the booze, think you're living in my shoes
Light it up, told the nigga bring the twos
Pech-Nam rolling with them killing crews
Never starving, told them nigga bring me food
Yeah, venomous, please don't burn me no more, I've been generous
Generous heart and it's delicate
Can't forget that I'm an elephant
Elephant mind looking elegant
Niggas ain't shit and it's evident
Yeah, if it's cock back, never hesitant
Rolling presidential like the president

I think the money changed me
As for me and you, I'm not the same, baby
If you think you're crazy I'm the same, baby
Ok bet, ok, let's go
But you don't love me no more, yeah
I am not a fucking ghost, yeah
But I pulled up in a ghost, yeah
But you don't fuck with me no more, baby
You don't even show me love anymore, yeah
