

Heartless

Giggs

There ain't no gyal on my level, I put a bet on it
So when you mention my name, put some respec' on it
The things I've seen in my life have left me so heartless
I swear they left me so heartless
There ain't no gyal on my level, I put a bet on it
So when you mention my name, put some respec' on it
The things I've seen in my life have left me so heartless
I swear they left me so heartless

Can't talk about this life if you ain't livin' it
Stay up in your lane, don't get your skittle licked
I don't give a fuck, I've been a little shit
Them girls there? Little Mix
I ain't got a heart, I got a swingin' brick
Real life Kidult shit
Never put my name in the dirt
I got my name ringin' bells, and yeah, this name puttin' work
And me? I pay me the curb
I'm gettin' paid for a verse
Why you hateful on her? I put your name on a shirt
Look, I show you love, I never get the same out of people 'cah bare eyes are
evil
I spot 'em like measles
Man, I get him dotted like needles
Lif' your whole top with this Eagle, pop goose, a weasel (Weasel)
Put respec' on my name 'cah I been checkin' the game
Few real, lot are fake, but the settings will change
I can bet 20k that these breddas are hate
Come and set the levels then, I'll set the levels, a game

There ain't no gyal on my level, I put a bet on it
So when you mention my name, put some respec' on it
The things I've seen in my life have left me so heartless
I swear they left me so heartless
There ain't no gyal on my level, I put a bet on it (Haa)
So when you mention my name, put some respec' on it (Yeah)
The things I've seen in my life have left me so heartless
I swear they left me so heartless (Giggs)

Makin' a statement (Yeah), man whipped up base into basin (Ah)
You, don't wait, you're impatient, so stupid, wasted replacement
Violence on violence, man's out 'ere, ride on the tyrants
I'm in Barbados with no jewellery
I don't really wear diamonds and islands (Shee)
Hey there, don't come over here, stay there (Stay there)
Gun over me (Me), run over him (Yeah)
Turn over and lay there (Hah)
Rest of the quarter, invested, testin' the water (Yeah)
So stay blessed in your corner (Corner)
And don't mess with the order

There ain't no gyal on my level, I put a bet on it
So when you mention my name, put some respec' on it
The things I've seen in my life have left me so heartless
I swear they left me so heartless
There ain't no gyal on my level, I put a bet on it
So when you mention my name, put some respec' on it

The things I've seen in my life have left me so heartless
I swear they left me so heartless
