Giggs

[Verse] 1

Hard work pays off  
I'm coming from the hard white grind pays off  
I'm Still here got a praise God  
Seven day a week grind no days off  
They actin like they don't rate [?] but i made something of myself then i made off  
These other spitters got no longevity  
So i hope they didn't quit their day jobs  
I put mad work in this rap shit but everything i do always seems to get played off  
I'm coming from a place where it sprays off and niggas running around strapped trying to play God

I ain't sayin I don't like these stars

They get their [?] love when i work twice as hard  
They think they know about pain with their lifeless scars  
I'm on top of the game i am [?] hard

[Hook]

Ner Ner Ner Ner Ner

Ner Ner Ner Ner Ner

I ain't got a number one but don't believe the hype

Ner Ner Ner Ner Ner
