Lil Gunnar stuffing food in his fat mouth

I used to think you ain't my bro move your black self

Spend used to run around the house raising mad hell

YG always getting out?

We was on it so we wasn't watching dads belt

I was a little bit soft so the helped

Cos YG used to always try and beat me up

They had all the new toys it used to eat me up

I used to get heated up

It was the last straw when dad got the up

I was a sweet kid sweeter than a sweetie shop

Until I thought of something that I need to cop

I remeber when we used to wear them odd socks

Fast forward now we popping up in them odd spots
