If it werent real talk then I woudlnt rap  
Niggers talk real greezy but it's all of that  
Any nigger in my team that I wouldn't bat

You can get a concussion from a wooden bat  
MMMMMMMMMM  
All your mandem are full of chat  
There ain't any nigger in your team that I wouldn't slap  
My bandannas fully black (black)  
S N 1 t-shirt and a wooley hat  
(JHEEZE)  
Now you can catch me on some g shit  
Interest better so I'll be up on them G list  
Getting a sea flip, getting a free strip  
Half of the beans half meeting in these chicks  
(OOOOOOOOOO)  
Hollow man I'm putting caine on the street for paper  
I put my pain on a sheet of paper  
Fuck around I'll put your brain on the street you hater

Best rest your mouth  
Don't stress me out  
You know what happened when the nine got tested out  
When the best is out  
Better rest your mouth  
Don't stress me out  
You know what happened when the nine got tested out  
When the best is out

Survive through your rain like wellitans  
Don't talk bad's what I'm telling them  
Rush around come around smelling them  
Anyone sweats I put one in the head of them  
I can see my bones stand like a skeleton  
5 sides to my niggers like a pentagon  
2 grand of 10 bags I'll be selling them  
Tryna see my shoe marks werent many them  
Niggers mention my name like they know me  
I just cross them off my list like O B  
Gloves on I'll clean them off you know me  
Then back it up in a cabnet like a trophee  
A word of advice don't dis respect  
Cause I'll whistle on the end to make your sister dem  
I'll surely get you in your shoulder if I miss your neck  
T.G right here no sniff effect

Best rest your mouth  
Don't stress me out  
You know what happened when the nine got tested out  
When the best is out  
Better rest your mouth  
Don't stress me out  
You know what happened when the nine got tested out

When the best is out
