

The Process

Giggs

Watch that ting, just watch her
Little cocked back ting, good posture
Now I've clocked that ting, gon' cost her
Let's quickly go get a drink, let's hit Costa
Mash up the, that's how she likes it
Just suck off the, that's how she mikes it
She just hop on a, that's how she might sit
Cuh this screwdriver crush all devices
Man alla slap out the nicest
Is this pussy private? Or does it catch all di mices?
Grab alla, splash all di spices
From man grab all then, that's alla crisis
Might hit that chick, just text it
Man hit that chick and just kept it
And when I watch Netflix, she just gets it
She didn't ask questions, she just left it
Early session, burn the pussy, hair all messy and that
She made an early effort all early, little early brekky and tha
t
And just a certi chick and she's all flirting, no skirt and kni
ckers and that
She cooking in the kitchen, she's all naked, a little shirt and
slippers and that
And she's a bit hood ting but shows purity
And she's a good, good ting, but no, seriously
I asked a couple questions so curiously
And then my phone started ringing, she's like "who is she?"
That's when the, that's when the fun stops
That's when the, that's when the gun cocks
I might let go of that, let go of the gunshot
Cause that's when the, that's when the sun drops
So we're a couple years down, I mean later
I just walked out the house and said "later"
There's bare talks out my mouth, like man hates her
But then I thought couple things, and man rates her

Yeah, I can't lie, man rates her still
You know when man's, when man's angry and that, you're all fron
ting to the mandem with that "I'm done with it, done with it",
but you know you're not?
That shit
Alright, let's go back in
