

You

Gilbert O'Sullivan

Each time that I see you
I believe you'll be mine
It may sound ridiculous
But this is what I'm
Getting satisfaction from
I don't care how stupid or wrong
It is as long as I'm in touch with you

Why don't you for one day
Won't you ask me to take
You out somewhere to
Some place there'll be time to make
Our's a lasting relationship
I dreamt both night and day
That it is true
I hope for my sake you

Realise everything I have said
To you today is true
And I guarantee tomorrow
I will act this way if you
Let me take you

Somewhere in the distance
Where resistance is low
You must agree you won't make me settle for no

As a reply I'm telling you
I'll always try until I do
See the time
When I can call you mine
