

# Champagne

Paul Gilbert

Look out my window one more time  
Seems like another day  
Watch as the mailman passes by  
Bringin' some bills to pay  
Suddenly appears a package  
Sent here by a friend, gourmet

Champagne, only for awhile now  
Champagne, stop me anytime  
Champagne, take me for a ride now  
Champagne, used to drinking wine

Not a bad thing, thank you my friend  
For relieving some pain

Look through the note that's set inside  
Says to enjoy with friends  
Too bad my best one said goodbye  
Told me it was the end  
I don't want to drink a drop now  
Got nothing to celebrate

Champagne, only for awhile now  
Champagne, stop me anytime  
Champagne, take me for a ride now  
Champagne, used to drinking wine

Such a sad thing, please my friend  
Won't you heal this pain

Where could she be  
So many fish in the sea  
For her unfortunately  
She's not the only one

Look at my new friend dressed up tight  
What am I supposed to think  
I'll take her out to grab a bite  
Then bring her home to drink  
Some of my divine love potion  
Near a number nine bouquet

Champagne, only for awhile now  
Champagne, stop me anytime  
Champagne, take me for a ride now  
Champagne, used to drinking wine

Not a bad thing, thank you my friend  
For relieving some pain

Not a bad thing, thank you my friend  
For relieving some pain
