

# Good Man

Paul Gilbert

Good Man  
(Capo 1<sup>st</sup> fret)

Verse1:

**A****m** **C**  
That's the phone that I had when you were mine  
**A****m** **C**  
In those days it was ringing all the time  
**G** **C** **D**  
Calling you so I knew you were fine  
**A****m** **C**  
And a good man I felt that I could be  
**A****m** **C**  
I was strong, full of hope and dignity  
**G** **C** **D**  
But the break, that mistake came from me

Chorus1:

**G** **C** **D** **G**  
I know you, you know me  
**C** **D**  
Why we aren't together is a mystery  
**Em** **A**  
That only we know, we know  
**D** **Cadd9** **D** **Cadd9** **G**  
All I want to do is be together with you and let you know  
**G** **C** **G**  
I'll be a good man  
**D** **Cadd9** **D** **Cadd9** **G**  
All I want to do is be together with you and never go  
**G** **C** **G**  
I'll be a good man

Verse2 (same chords as verse 1):

Every night I can see you in my dreams  
But my days are so empty and it seems  
Being wrong takes so long to remedy  
And I've tried taking everyone's advice  
Just move on, get back in and roll the dice  
But the song I sing in my head is "Wouldn't it be nice"

Chorus2: (look at verse1)  
I know you, you know me  
Why we aren't together is a mystery  
That only we know, we know  
All I want to do is be together with you and let you know  
I'll be a good man  
All I want to do is be together with you and never go

Verse3:

**A****m** **C**  
And I've tried taking everyone's advice

**A**m

Just move on, get back in and roll the dice

**G**

**C**

**D**

But the song I sing in my head is "Wouldn't it be nice"

Chorus3:

I know you, you know me

Why we aren't together is a mystery

That only we know, we know

All I want to do is be together with you and let you know

I'll be a good man

All I want to do is be together with you and let you know

I'll be a good man

All I want to do is be together with you and never go

I'll be a good man
