

Hold Her Tight

Paul Gilbert

What is the matter
Now what did you do
Did you go and lose her
Like the others too
Let me tell you something
Here's the way it goes
There's a way you treat 'em
Everybody knows

Hold her tight, but hold her like a baby
Make her feel, make her feel real good
Give her chance, give her time to love ya
Don't let go, if you know
No one else can touch her

Everybody tells ya
Here's the one for you
So if I was you, boy
Here's what I'd do

Hold her tight, but hold her like a baby
Make her feel, make her feel real good
Give her chance, give her time to love ya
Make her feel, make her feel real good

Don't let go, if you know
No one else can touch her
