

Nêga  
You spent so blissfully  
The last few days with me  
Nêga  
I spent so nicely too  
The last few days with you

When I met you, it was so fine  
I didn't talk a lot to you  
I only mentioned your smooth hair  
You made a speech about shampoo  
We took many, many, many photographs  
Downtown  
As we passed through

Nêga  
You spent so blissfully  
The last few days with me  
Nêga  
I spent so nicely too  
The last few days with you

You've been going just where I've gone  
All my people you have seen  
I've been doing just what you've done  
Now I can dig your cup of mu tea  
We let our moments become, become  
What they really had to be

Nêga  
You spent so blissfully  
The last few days with me  
Nêga  
I spent so nicely too  
The last few days with you

Develop our photographs  
As simple dreams that will come true  
Perhaps they will make you laugh  
Or make you sure about we two

Develop, baby, our photographs  
Perhaps they will make you sure  
Perhaps they will show you nothing  
Nothing, but a shade of blue
