

Broken Down Car

Gilby Clarke

My straight six ford in overdrive
Left some rubber burning on the 405
You're muscle car, 289
Breaking down, everytime you drive

If I had an airplane
I'd fly it through your heart
Broken down car

Ain't got no money, my pockets full
I spent a million dollars drinking from the well
Ain't got no job, I work so hard
I bought the car, but I sold off the farm

I'm going downtown,
I'm divorcing the world
