

Technicolor Stars

Gilby Clarke

You got lost in a Hollywood star map
On the wrong side of Cocaine Blvd.
Too many demons got you in bed
Too much for a high school mess

She hangs out cuz' she wants in
A bored teenager virgin
She's the porno dream 97-SEX
She'll blow you for your last cigarette

She's so cool, so cool, so cool

A walking time bomb
In her Melrose Ave. boots
A hitchhiking whore from the valley
Born in a muscle car backseat

She's so cool, so cool, so cool
