

The Worst

Gilby Clarke

What's the worst that could happen
Always more of the same
Sleeping pills never killed
All the fears I never feel
Just the damage & pain

I hate you most when you panic
It's a personal war
Little sad, but never mad
Had to smash your looking glass
If I had wings, I'd be gone

This is the worst song that's stuck in my head
I can't remember to forget the things you said
This is me, being you, telling me this is the worst

You ain' the worst or the last
Could you ever be wrong
Crashed the car, burned the house
All the kids are lost and found It never happened, I'm gone

This is the worst song that's stuck in my head
I can't remember to forget the things you said
This is me, being you, telling me this is the worst

Do we fall apart, in pieces now
Do we fall apart, in pieces now
I'll show you how

This is the worst song in my head
This is the worst song in my head
This is the worst song in my head, worst song in my head
This is the worst
This is the worst
