

## Second One

Gilla Band

When you say don't  
I'll always laugh  
In a good way  
I knew that  
I never looked for you for fun  
Only like the things I won  
Hey

Whisper, shout [?] under your breath  
You tell me things that you forget  
I can't hear you when you scream in size  
I can't ever lose at something I... Hate

I never  
Look for it  
I only  
Stare at it  
Trying  
To picture it in photographs, 'haps, house, maps

I was  
Maybe in my head  
I couldn't  
The line's are dead [?]  
It was easy to see [?]  
Friends are feeding off of someone's mouth [?]  
Brush our teeth for me  
Ay?  
Hey?

Talking about it takes minds off  
I think I'd like to talk without  
You're the first to hear second one  
And I'm not the rumblestone [?]  
Eeeeeeeeh

I never  
Look for it  
I only  
Stare at it  
Trying  
To picture it in photographs, 'haps, house, maps

When you say don't  
I swear I won't laugh  
When I do I keep photograph  
I didn't realize you liked that  
Then I picture photographs
