

Shadow

Gin Blossoms

Buddha sits beneath the trees and snakes
That our desires can't kill
Can we find Nirvana in the end
Next to Nine Inch Nails

Take a breath, with the flow
Find the path

Me and my shadow
Me and my shadow
Me and my shadow

When we're live I turn my life around
Addicted to the sound
Can you save me, please don't take so long
I have not been strong

Following, when I leave
By my side

Everywhere I go
Me and my shadow
Me and my shadow

Take a step with the flow
Make it back
Me and my shadow
Following, when I leave
By my side

Everywhere I go
Me and my shadow
Me and my shadow
Everywhere I go
Me and my shadow
Me and my shadow
Everywhere I go
Me and my shadow
Me and my shadow
