

I wanna think about you  
Add a more dare  
I wanna take the night off  
Swim in a sweet self  
How do I move around you  
So that you notice me too?  
I wanna think about you  
Add just more dare  
I wanna run away with  
Your taste in my mouth  
Let's find a way together  
I wanna be with you  
Can I be yours forever?  
Just wanna be with

I know I'm not a winner  
I'd be winning with you  
I know I'm not a winner  
I'd be winning with you  
All I can do is dance  
So I'm dancing with you  
I know I'm not a winner  
All I wanted was you

I wanna be the girl who  
Don't question next door  
Don't call me California  
When I could be more  
Let's find a way together  
I wanna be with you  
Can I be yours forever?  
Just wanna be with you

I know I'm not a winner  
I'd be winning with you  
I know I'm not a winner  
I'd be winning with you  
All I can do is dance  
So I'm dancing with you  
I know I'm not a winner  
All I wanted was you

I know I'm not a winner  
I'd be winning with you  
I know I'm not a winner  
I'd be winning with you  
All I can do is dance  
So I'm dancing with you  
I know I'm not a winner  
All I wanted was you
