

# All Night

Ginger Root

I've been movin'  
Call me soon, alright  
Got them groovin'  
Let's get loose all night  
Sax be soothin'  
Tapped on tunes all night  
That's all loomin'  
Friends keep fumin' right

We were sprung on  
Where's my song all night  
Safe and somethin'  
Caps my crush all night
