

Belleza

Ginger Root

I don't know where you've been now
Camping out on the side of your bedroom floor
I wanna tell you how I really feel now
But I'll have to wait until the springtime
Don't know what I'm doing in the meantime

Oh sí, Belleza
It's all around ya

Oh sí, Belleza (Oh sí, Belleza)
It's all around ya (It's all around ya)

I don't know why you have a certain aura
Hanging out on the top of the nineteenth floor
I wanna tell you how I really feel now
But I'll have to wait until the springtime
Don't know what I'm doing in the meantime

Oh sí, Belleza
It's all around ya

Oh sí, Belleza (Oh sí, Belleza)
It's all around ya (It's all around ya)
