

I Might Just

Ginger Root

How come you always stay in my mind?
Make yourself at home, I'm going in blind
I'm just a second thought to you
Just a shadow in your field of view

And I might just stay there for a little while
I might just drive 'round for another mile
If you need me, you'll know where I'll be

It's nice to be there, just you and me
Like an ocean bare, you'll call me to see
All the things that I have done for you
And all the things I've somehow misconstrued

And I might just say that I'm in denial
And I might just stick 'round just to see you smile
If you need me, you'll know where I'll be, where I'll be
