

# Loneliness

Ginger Root

You said I know what the seasons bring  
You said it goes with those children sing  
Oh wait, it's only half-past noon (Stay tuned)  
Til' the time gets quicker  
How to stand the wait  
It's time to change your pace

Loneliness  
Gone with your lying  
Sayin' it ain't it  
Oh, loneliness  
You know why!  
Loneliness  
Found it out later  
Tryin' to be slick  
Oh, loneliness  
Say goodbye!

Well, no one told me when would things get real  
Just walk on by and whisper, "What's your deal?"  
Oh wow, it's now half past two (So soon?)  
'Cause the time gets quicker  
How to stand the wait  
To stop and change your pace

Loneliness  
Gone with your lying  
Sayin' it ain't it  
Oh, loneliness  
You know why!  
Loneliness  
Found it out later  
Tryin' to be slick  
Oh, loneliness  
Say goodbye!

Loneliness  
Gone with your lying  
Sayin' it ain't it  
Oh, loneliness  
You know why

Loneliness  
Found it out later  
Tryin' to be slick  
Oh, loneliness  
Say goodbye!
