

# Mahjong Room

Ginger Root

I, I can't see you so close  
If she wins the dust caves in  
I, I remember the most  
The time spent in that family of it

Should it go?  
I won't know  
So how can I hear my friends in the mahjong room?

I hear your shoes creeping in  
You, me, matched up, dust won't wait, but  
I, I forgot how to play  
With those strangers and your strangers

Should it go?  
I won't know  
How can I hear my friends in the mahjong room?

Mahjong room  
Mahjong room  
I'm playing in the mahjong room  
I'm singing in the mahjong room  
I'm playing in the mahjong room  
Hear my friends in the mahjong room  
I'm playing in the mahjong room  
Sing it with me, I'm in the mahjong room
