

# Neighbor

Ginger Root

Outside again and I'll see you later  
Up, down I bend, just to call you "neighbor"  
Later

Well I don't know  
You said it's too far  
And well now I don't know  
Whoever you are, you're singing

Do do do do doo, you're singing  
Do do do do doo

Take five and then burn away all your papers  
Cut ties or ten, then go check on your neighbor  
I say "later"

Well I don't know  
You said it's too far  
And well now I don't know  
Whatever your heart is singing

Do do do do doo, you're singing  
Do do do do doo, do do doo

Well I don't know  
You said it's too far  
And well now I don't know  
Whatever your heart is singing

Do do do do doo, you're singing  
Do do do do doo, you're singing  
Do do do do doo, you're singing  
Do do do do doo

Do do do do doo (you're singing)  
Do do do do doo (singing)  
Do do do do doo (singing)  
Do do do do doo (la la la)  
Do do do do doo (I'm singing)  
Do do do do doo (we're always singing)  
Do do do do doo (we're always singing)  
Do do do do doo (we're always singing)  
Do do do do doo (we're always singing)  
Do do do do doo (we're always singing)
