

Nisemono

Ginger Root

I tried my best to bring
For you
For you
It don't mean anything
So true
So true
This time, I see
All the things that I can't hide
From you

Take one step back
And change your mind
All the fake and fraud inside
No one can seek
No one can hide

Utattetanoni
With you
With you
Nisemono ga i (tabun) (tabun)
Kage no yō ni akeruto i yo ne
For you

Take one step back
And change your mind
All the fake and fraud inside
Know where you've been
And what's been right
All the fake and fraud inside
Now one step back
And change your mind
We're talking
No one can seek
No one can hide

You see this time
I see
All the things that I can't hide
From you

I tried my best to bring
For you
For you
It don't mean anything
So true
So true
This time, I see
All the things that I can't hide
From you

Take one step back
And change your mind
All the fake and fraud inside
No one can seek
No one can hide
