

Out Of State

Ginger Root

I wish I knew what I wanted to
Now that you went out of state
And over time how you said that I'm
Brought up to be out of place

So why stop now, can you show me how? Make it, make it
Half in the ground, lost and found, did we fake it, fake it?
I wish I knew what I wanted to now that you went out of state

'Cause I can't feel the way you are
You are, you are, you are, you are

I wish I knew what I wanted to
Now that you went out of state
And over time how you said that I'm
Brought up to be out of place

So why stop now, can you show me how? Make it, make it
Half in the ground, lost and found, did we fake it, fake it?
I wish I knew what I wanted to now that you went out of state

'Cause I can't feel the way you are
You are, you are, you are, you are
