

## Show 10

Ginger Root

Tell me it ends, like you know it  
How to begin when nobody's doing nothing good 'bout it  
Talking again, like you own it  
Have to pretend when just knowing's not enough to jump on it

Well, look now, I'm just needing time  
You whisper, "Darling, don't you fret, you're feeling fine"  
Tell me what you want, tell me what you need  
Maybe it's all up in my mind  
Go take a walk, it may just one day change your life  
Now, tell me what you want, tell me what you need

We watching Show 10 tonight  
'Cause I'ma show them right

Got to give in, like you stole it  
Calling a friend, 'cause nobody better be left on it  
Best out of ten, like you rocking and a-rolling  
Dawn's fading in while that tune plays, "La, la, la, la"

Well, look now, I'm just needing time  
You whisper, "Darling, don't you fret, you're feeling fine"  
Tell me what you want, tell me what you need  
Maybe it's all up in my mind  
Go take a walk, it may just one day change your life  
Now tell me what you want, tell me what you need

We watching Show 10 tonight  
'Cause I'ma show them right  
I'm at the Show 10 tonight  
You better show them right
