

Take Me Back (Owakare No Jikan)

Ginger Root

Gather 'round, I'll tell you a tale that never ends
Rather me than them, all the while we'd share amends

Funny how it needs to stop in time
Funny how it sees no help from mine
And that's fine
Well, can you take me back?

Cop a nickel, cop a dime, was it worth going 55?
Lotta friends, lotta signs to be read, do you need advice?

Funny how it needs to stop in time
Funny how it sees no help from mine
And that's fine
Well, can you take me back?

Well, can you take me back?
Take me back, take me back, take me back now
