Why Try

Ginger Root

Don't wanna try this out, telling you how it felt
Possible stuff slows down, carry yourself around
Why are you gonna go see those that forgot you?

Why start lately?
If you're ready
Tell me softly
Might seem shady

"Honestly, I don't know why you try?"
So I tried to tell them

How can you fill your time with plenty of dirt and grime?
Sing me your blues and I'm happy to pass on mine
Why are you gonna go leave the ones that love you?

Why start lately?
If you're ready
Tell me softly
Might seem shady

"Honestly, I don't know why you try?"
So I tried to show them how
How
How
How

Don't wanna try this out, telling you how it felt
Possible stuff slows down, carry yourself around
Why are you gonna go see those that forgot you?

Why start lately?
If you're ready
Tell me softly
Might seem shady

"Honestly, I don't know why you try?"
"Honestly, I don't know why you try?"
"Honestly, I don't know why you try? "
