

# Fearless

Ginny Owens

Here in the unknown  
Facing the unseen hole.  
When I feel so alone  
Will you show me where to go.  
May the words on my heart  
Be the echoes of who You are.  
In the times when I'm weak  
Be strong in me.  
If my lips are too afraid to speak  
If my lungs are finding hard to breathe  
Start a fire deep inside of me  
Make me brave 'cause Your all I need  
Your love is fearless  
Your love is fearless  
Your love is fearless  
Your love is fearless

Hope is alive  
Shines in the darkest night.  
And I feel it arise  
Here in this soul of mine.  
O dance over me  
Gives my heart a reason to believe  
Here's the fear that I hold  
Help me let go.

If my lips are too afraid to speak  
If my lungs are finding hard to breathe  
Start a fire deep inside of me  
Make me brave 'cause Your all I need  
Your love is fearless  
Your love is fearless  
Your love is fearless  
Your love is fearless

It's Your love, its Your love in me  
It's Your love, its Your love I need

It's Your love, its Your love in me  
It's Your love, its Your love I need  
Its Your Own love  
It's Your love, its Your love in me  
Oh Your Love  
It's Your love, its Your love I need  
Your Own love  
Your love  
It's Your love, its Your love in me  
It's Your love, its Your love I need

If my lips are too afraid to speak  
If my lungs are finding hard to breathe  
Start a fire deep inside of me  
Make me brave 'cause Your all I need  
Your love is fearless  
Make me fearless  
Your love is fearless  
Make me fearless

Your love is fearless  
Make me fearless  
Your love is fearless

It's Your love, its Your love in me  
It's Your love, its Your love I need  
It's Your love, its Your love in me  
It's Your love, its Your love I need  
Its Your Own love  
It's Your love, its Your love in me  
Oh Your Love  
It's Your love, its Your love I need  
Your Own love  
Your love  
It's Your love, its Your love in me  
It's Your love, its Your love I need
