

Made for Loving You

Ginny Owens

I was chasin' shadows everyday
I was tryin' to do it my own way
Then you filled my lungs with a breath of grace
My soul has come alive, and I am changed

You gave me one song
I'm gonna sing it
One voice
I'm gonna raise it
One heart
Beatin' for all of you

You gave me one smile
I'm gonna share it
One light
I'm gonna lift it
One life
I'm gonna give it away

All I have, all I am, all I do
I was made, made for love, loving you
No one else makes my heart come undone
Its true
I was made, made for love, loving you
Oh, I was made, made for love, loving you

Now I see the world through different eyes
Colors burstin' forth from black and white
You captivate me, and you set me free
Its my joy to give you everything

You gave me one song
I'm gonna sing it
One voice
I'm gonna raise it
One heart
Beatin' for all of you

All I have, all I am, all I do
I was made, made for love, loving you
No one else makes my heart come undone
Its true
I was made, made for love, loving you
Oh, I was made, made for love, loving you

I will go live every moment
And give to the broken
Shine this little light of mine
And all that is in me
Will move to your heart beat

I was made for loving you
I live every moment (live every moment)
And give to the broken (give to the broken)
Shine this little light of mine

And all that is in me

Will move to your heart beat
I was made for loving you

With all I have, all I am, all I do
I was made, made for love, loving you
And no one else can make my heart come undone
Its true
I was made for love

With all I am, all I have, all I do
I was made, made for love, loving you
No one else makes my heart come undone its true
I was made for loving you
Oh, I was made, made for love, loving you
I was made, made for love, loving you
