

# I Have Dreamed of Days Like This

Gino Vannelli

I have rambled all of my life  
Always wondering if this moment would arrive  
I did not choose the road life laid out for me  
And yet I find myself where I was meant to be  
Right here with you

I have dreamed of days like this  
Lost in fields of green  
Strollin' neath the summer sky  
By a mountain stream

I have dreamed of days like this  
Contented to be  
Rewarded for my efforts  
In the highest currency  
To hear your voice, sweet and clear  
To see your smile through your tears

Oh my cup is filled to the brim  
I'm all set to sail away on heaven's whim  
What once troubled me don't rag me no more  
All is forgiven all is accounted for  
Baby I'm yours

I have dreamed of days like this  
Lost in fields of green  
Strollin' neath the summer sky  
By a mountain stream

I have dreamed of days like this  
Contented to be  
Rewarded for my efforts  
In the highest currency

To see you shine after the storm  
To have you back in my arms  
I have dreamed of days like this  
I have dreamed of days like this
