

# ALL 4 YOU

Gio

I'd give it all for you  
You know what I would do for you  
You know I'd do it all for you  
Yeah  
I'd give it all for you  
You know what I would do for you (yeah)  
You know I'd do it all for you, for you, you (let's go)

I'd make several sacrifices just to be right in Your presence  
Put a match up to my vices 'cause my life is just a tenant (it is)  
This that long road had to learn to turn my losses into lessons (yeah)  
Why would I settle for this earth when I was really made for heaven? (I am)  
This that real love  
Not the type to only come around when you feel love  
Stab me in the back a couple times but I found real trust (I found real trust)  
Yeah, yeah  
Oh, I found real trust

(Tell em whatchu got!)

Got the spirit with me every time I step up in the ring (I do)  
David started as a shepherd but God used him as a king (He did)  
I can see the fear up in your eyes don't you worry 'bout a thing  
You might be close up to that edge but don't you forget you got wings  
Don't you worry 'bout the big stage and honor rolls  
We all got one common goal (Facts)  
Can't get caught with bottles filled with models Lord protect my soul  
'Cause I can't put that lust over loyalty  
This that era where I'm stepping in who I'm supposed to be (Let's go)

I'd give it all for you (For you)  
You know what I would do for you (Yeah)  
You know I'd do it all for you  
Yeah  
I'd give it all for you  
You know what I would do for you  
You know I'd do it all for you, for you, you

I put the cup down I'm leaning on God it's really a fact (Yeah, really a fact)  
Heart on my sleeve so I put on a hoodie to keep it in wraps (Aye, aye)  
Winning the heart of my woman is worth more than winning a plaque  
Real love is giving to somebody knowing you probably never gon' get nothing back  
And I been living on borrowed time and this skin and bones is only a rental  
(Only a rental)  
All of this death really showed me that family matters that's word to the Winslows (Word to the Winslows)  
You keeping Urkel's around you and then you just wonder why all of your wins low  
Promise if I were to go out tonight I'd be resting with God in the temple  
Keep my head low to the ground every time that I land from the plane when I'm flying on spirit  
I can't be gaining the things of the world and be rich in the bank but be broke in my spirit  
They wanna talk about me when I'm not in the room only know that cuz people

be snitching

Needless to say I been on a Hawaii rollercoaster ride dawg I'm Lilo and Stit ching, Ah!

I could never let depression knock me out again like it did in the middle of December

I got some scars on my heart but I learned that I can't just be bitter I got ta be better

Leave all my riches behind for the people I love I can't take nothing with m e to heaven

Leaving my all at the altar giving it all 'cause I'm really lost in Your pre sence
