

DANCE LIKE DAVID

Gio

Who you know do it like this?
Hit my lil dance like David did
Yeah, you know my shot don't miss
Prayers, throw 'em up, let it fall like swish

And you know I'm too legit
It don't matter 'bout the height when it's in the wrist
Giants fall when He shifts
So I'm doing my dance like David did

I got a sling up in my hand like I'm David
Pebble to the devil's forehead where I'm aiming
Looking to the Lord, yeah, thank God we made it
Pick me off the floor, huh, rose from the pavement

Slide to the left, baby, slide to the right
You gon' get left if you don't get right
Huh, what a life to live, I got the Lord on my side
Left hook, right jab - they gon' call me Mike Ty

Who you know do it like this?
Hit my lil dance like David did
Yeah, you know my shot don't miss
Prayers, throw 'em up, let it fall like swish

And you know I'm too legit
It don't matter 'bout the height when it's in the wrist
Giants fall when He shifts
So I'm doing my dance like David did

Heels up, Michael Jackson
How I'm stuntin' on the devil with these captions
Issa slow climb up, so I'm fasting
Pull the reel out - lights, camera, action

You a grown man, why are you reactin'?
This a free gift, why do you be taxin'?
See the walls come down when He come around
Every giant in the way be collapsing

David danzaba
Está en la palabra
Tengo que alabarle en las buenas y en las malas
¿A qué hora es la fiesta? Trabajo en la mañana
Y como el tapón en Puerto Rico, esto nunca se acaba

Who you know do it like this?
Hit my lil dance like David did, yeah
Yeah, you know my shot don't miss
Prayers, throw 'em up, let it fall like swish

Who you know do it like this?
Hit my lil dance like David did
Yeah, you know my shot don't miss
Prayers, throw 'em up, let it fall like swish

And you know I'm too legit

It don't matter 'bout the height when it's in the wrist
Giants fall when He shifts
So I'm doing my dance like David did

Doing my dance like David did
Doing my dance like David did
