

Yea, let's go

If it's a dream a fairytale then let me wake up
Shawty tell me if it's real or if it's made up
Talkin' smart up in my head so I just play dumb
I just wanna know it's real so can you say sumn
If it's a dream a fairytale than let me wake up
Shawty tell me if it's real or if it's made up
You been talkin' smart up in my head so I just play dumb
I just wanna know if it's real can you say sumn
So can you say sumn
Oh, can you say sumn

My mind been racing again
Like my thoughts hopped up right in a Benz
Who gon' ride me who my real friends
I can't trust you if this all make up pretend
When you make it they pop up like where has you been
Please don't fake it I need you to ride to the end
You ain't see it then come here and look through my lens
Better stop it they watchin' what if it all ends
See I don't know just where to begin
Tryna hear all voices that callin'
With these L's I just pray this a win
Girl, I told you before that I'm all in, but I'm fallin'
I been fallin' can you save me now
All these voices tryna tear me down
Man I pray I see that it ain't make believe
If you can hear me can you make a sound

If it's a dream a fairytale then let me wake up
Shawty tell me if it's real or if it's made up
You been talkin' smart up in my head so I just play dumb
I just wanna know if it's real so can you say sumn

Fairytale that's the world that we live in
Fairytale wonderin' life without sinnin'
Fairytale tryna find my way
Tryna find my way to you
