

## if i tried

Gio

I know You know I love You though  
Sometimes I get too comfortable  
And I mess it up on the regular  
New day, new grace, I don't get it, God  
I'll be patient with You, be patient with me  
And I'm done with all the running tryna find You  
'Cause I couldn't lose Your love if I tried to

Yeah, You had my back when I  
Fall off, can You bring me right back?  
I'ma stand strong but I'm falling off track  
Hitting the brakes, don't wanna mess it up  
I been slipping in faith, can't help but stress it up  
Feel like I'm in a race, the devil catching up  
Scared I'll lose You

I know You know I love You though  
Sometimes I get too comfortable  
And I mess it up on the regular  
New day, new grace, I don't get it, God  
I'll be patient with You, be patient with me  
And I'm done with all the running tryna find You  
'Cause I couldn't lose Your love if I tried to

I'm the alchemist of all my problems  
Pessimist with all my flaws  
Can You be the one to hold my columns?  
Take effect and be my cause  
Of all my devotion, I hope that it's real  
Tryna push through the motions, I'm coping to feel  
I might slip, I might fall  
God, I give You it all  
'Cause You mended my heart when You tore down the veil

I know You know I love You though  
Sometimes I get too comfortable  
And I mess it up on the regular  
New day, new grace, I don't get it, God  
I'll be patient with You, be patient with me  
And I'm done with all the running tryna find You  
'Cause I couldn't lose Your love if I tried to

Yeah, you had my back when I  
And I, and I, and I've tried to
