Todo lo que hago lo hago por ti
De ti siempre pienso, you in my dreams
Sin ti no se quien yo soy and I like it
I like it, I like it, like it like that

Aqui no se nada you take the lead
1,2 1,2 no esperes por mi
Sin ti no se quien yo soy and I like it
I like it, I like it, like it like that

Mejor es un día contigo
Que miles noches perdidos
Lo intenté y verdad que no
De ti no hay dos
Los tres milagros
I been polite
Kept it light
Ahora estoy pa ti to be the light
I'm set for life
Contigo like

Oh my G-O-D hazme limpio one time again
Asi de Secillo contigo brillo
Woah

Todo lo que hago lo hago por ti
De ti siempre pienso, you in my Dreams
I'm just tryna hear ya voice'n I like it
I like it, I like it, like it like that

Aqui no se nada you take the lead
1,2 1,2 no esperes por mi
Sin ti no se quien yo soy and I like it
I like it, I like it, like it like that

Like it like that
Tu siempre aqui
Watching my back
Es todo pa ti
It's simple as that
I'll follow your lead
Take my time to rewind and
Set down my feet

Who you tryna talk to
Lucy tried to run up
Hada hit em with the 1, 2
I been starting to heat up
Guess it's sumn that the sun do
Workin to become new
And we having fun too like

Oh my G-O-D hazme limpio one time again
Asi de Secillo contigo brillo
Woah

Todo lo que hago lo hago por ti

De ti siempre pienso, you in my Dreams
I'm just tryna hear ya voice'n I like it
I like it, I like it, like it like that

Aqui no se nada you take the lead
