

## nobody else

Gio

It's a scary life  
I fall asleep but I don't close my eyes  
And I ain't one to try and victimize, but I feel dead inside  
Stabbed my back a hun'ed times  
Cause I always blame myself  
Find every reason in the book to go and hate myself  
I told you things that I would really tell nobody else  
And now you left and I got no one think I need some help

So I look to the sky crying out do You hear me  
Say that You're here but I don't feel You near me  
Oh God, help me love myself  
There ain't nobody else

Where do I run to when don't got nobody  
Feel like a...  
Lost cause from the words of nobody's  
But I got...  
New flaws, a new job, a new car filled with  
Old friends who don't seem to drive far

I'm tryna manage the damage that came when you went left  
I'm tryna add up the reasons but I keep counting less  
And now my heart is divided the other half you kept  
I search for reasons for meaning can't seem to find my step

So I look to the sky crying out do You hear me  
Say that your here but I don't feel You near me  
Oh God, help me love myself  
And I try not to die as I look to the ceiling  
Say that I'm fine but I'm so far from healing  
Oh God, help me love myself  
There ain't nobody else

No, no, no, nobody  
Looking for somebody  
That can save me from myself  
There ain't nobody else  
No, no, no, nobody  
Looking for somebody  
That can save me from myself  
There ain't nobody else
