

RICH!

Gio

(Tell me what it mean to be rich?)
(Wonder what it mean to be)

Tell me what it mean to be rich?
Seen that on the screen no twitch
You can have the bands and the fans be the man with the plan
But when you gonna get it like this, huh?
Make me rich no problem
Tryna find hits I got 'em like
Who's that guy don't stop 'em
Pray he don't fall like Sodom 'cause

I been up late thinking straight 'bout my bluff
Count it up this ain't luck you in danger
You could save but that money never saved ya

In the loop all the time
In the room dollar signs
Tell me what it mean to be rich?
Watching this heart of mine
Moving my bottom line
Wondering what it means to be bliss?
'Cause if I don't watch the time
Ima be wondering why
How the heck I end up like this?
And mama said don't you cry
'Cause your worth really lies
In the one who's calling you His
'Cause homie I'm rich (rich), rich (rich), rich (rich), rich
'Cause homie I'm rich (rich), rich (rich), rich (rich), rich

'Cause homie I'm really in this thing
What's a peasant to a king
Gotta couple hunned rings but you stuck
I got plenty goals but I'm stickin' to my role
I won't ever lose my soul to a buck
Tell me homie wassup?
Who do you trust?
Keep getting more but it's never enough
Run up the score but we all turn to dust
Got dirt on my hands but His hand in my glove

'Cause homie I'm rich (rich), rich (rich)
I been making change they can't dismiss
Tell me what's the cost for a misfit?
I don't wanna see the point if I'ma miss it
Who's that where'd you go
Busy living life like "who you know?"
I been tryna take things slow
Issa long road can I pay my way back home?

I been up late thinking straight 'bout my bluff
Count it up this ain't luck you in danger
You could save but that money never saved ya

In the loop all the time
In the room dollar signs

Tell me what it mean to be rich?
Watching this heart of mine
Moving my bottom line
Wondering what it means to be bliss?
'Cause if I don't watch the time
I'ma be wondering why
How the heck I end up like this?
And mama said don't you cry
'Cause your worth really lies
In the one who's calling you His

'Cause homie I'm rich (rich), rich (rich), rich (rich), rich
'Cause homie I'm rich (rich), rich (rich), rich (rich), rich
'Cause homie I'm rich (rich), rich (rich), rich (rich), rich
'Cause homie I'm rich (rich), rich (rich), rich (rich), rich
'Cause homie I'm
