

SAID I CAN!

Gio

You're all together lovely
All together worthy
All together wonderful to me

Okay. I'll never know the weight or the cost
Or that pain on the cross
Yet You gave me it all, and I'm still here
Let me bring my praise and my loss
Everything that I got
I'm 'a answer your call. Let it be clear

You're holy
My one and only
So, God, would You mold me
To be who-You said-I am
I can do it, 'cause You said, "I can!"

I can do it, 'cause Your word said, "Yes"
Every time I step up, I'm 'a try my best
I will never know the price that You paid for my debt
So, I'm giving You my all
Know You got the rest

Every time I fall, You still call me "blessed"
In it through it all. Know You guide my steps
'Cause You're with me in the lonely
Low-key. Hold me closely
And You're still here giving me rest

Okay. I'll never know the weight or the cost
Or that pain on the cross
Yet You gave me it all, and I'm still here
Let me bring my praise and my loss
Everything that I got
I'm 'a answer your call. Let it be clear

You're holy
My one and only
So, God would You mold me
To be who-You said-I am
I can do it 'cause You said, "I can!"

Okay. I'll never know the cost
That You paid, so, all my sin washed
I'm 'a raise my hand in the air just like Moss
'Cause I'm lifting my praise to Your name on that cross

If You say it, I'm 'a go. Oh
Lucy tried, but he can't. That's a no-no
That's a lie, and how I feel is not a so-so
Lifting up Your name. I can't keep it on the low-low

Okay. I'll never know the weight or the cost
Or that pain on the cross
Yet You gave me it all, and I'm still here
Let me bring my praise and my loss
Everything that I got

I'm 'a answer your call. Let it be clear

You're holy

My one and only

So, God would You mold me

To be who-You said-I am

I can do it 'cause You said, "I can!"
